

**Student Emergency Release Form – Elementary Students
2017-2018 School Year**

This form will be used by school personnel in case of an emergency at school such as: tornado watch or warning, loss of power, threat from outside or inside the school, or a major weather related emergency situation. Elementary teachers already have on file a destination for early releases because of weather related concerns. We are asking for this information to put in a notebook, in case the power is out and we don't have computers. We also want to have the information in one central location that could easily be taken off site. Thank you for your cooperation.

I/We request that: (student name, include first and last name and grade). **Include all the students in your family on this one page.**

Be released to me/us: Print the names of people that the above students can be released to.
(This could include babysitters, relatives, older siblings, etc.)

On an unscheduled early release my child/children should:

(Please select only one.)

Ride the bus to _____
(name, phone number, and relationship if other than home)

Walk to _____
(name, phone number, and relationship if other than home)

Picked up by _____
(name, phone number, and relationship)
