MENTOR OPPORTUNITY

A volunteer opportunity within our school is available for you. We are starting a mentoring program with high school students becoming mentors to elementary students. We're asking for a 20-30 minute commitment to your mentee each week throughout the duration of the school year. Activities you could

do with your mentee include arts & crafts, games, reading, helping with school work, just talking, etc. Our hope is to better connect our elementary students with our high school students and to provide a fulfilling experience for all involved. If this sounds like something you would be interested in, pick up

an application form from the HS office and return it to Mr. Steffen at your earliest convenience. You will need one recommendation from a teacher/staff member within the school. If you have any questions, please contact Mr. Steffen in the HS office.

Football Jerseys For Sale
